Subject: Re: BUG: debugger fails to start
Posted by slashupp on Tue, 02 Aug 2016 08:30:59 GMT

had a hunch and just now tested that it may involve c++14 related code
result: if I revert to c++11 all works OK
so it seems that the gdb-maintainers messed up with c++14
(damn - there goes decltype(auto) for one)
