Hi,

i have problem, i want just to add line into LineEdit or DocEdit.

I try (lignes is a LineEdit object and texte a Upp::String)

```
serveur.lignes <<= texte << "\n";
```

or

```
client.lignes.Insert(-1, ~(texte << "\n"));
```

but without succes.

How i can create simple text area, with vertical scrollbar, and write line into this ?

Thank you for your help !
