Spaces in directories fixed, so if you have it in "Program Files", tools should work now! although for files spaces are not allowed for easier access

## Updated:

- -some bug fixes, known:on non-wxp when f2 is re-used,it doesn't reposition gfx window right
- -few things added chk Help/About/Vector? controlS, like regex for search in editor type --help'Enter' for more

Part2 is in next/prev post!
