I found what I need in uppsrc/ide/Core/Core.cpp.

The patch:

```

+++ uppsrc/ide/Core/Core.cpp          2017-01-15 22:57:18.174354625 +0100

     String out;
     for(; *fn; fn++)
         if(*fn == '$')
-            out << '$' << '$';
+            out << "$$$$";
         else
             out << *fn;
     return out;
```

Applied, now running nightly build.
