luzr wrote on Wed, 04 January 2006 05:11Ok, here goes DLL template....

Put it to the directory where your "theide.exe" is.

I have just tested that it compiles, but did not tested .dll file. Please, report whether this works as expected....

Mirek

Thanks Mirek. I saved the .upt file and I can create a project from it. I will have to test it later, but it looks great!

Thanks,
Chris
