Subject: Re: Repgen package
Posted by BioBytes on Sun, 19 Feb 2017 20:46:53 GMT

Hello,

Thank you for your efforts and help.
I have no MingW compiler installed, only MSC14 working on Windows 10 machine.

What is somewhat weird is that another projet with repgen package compiles well while addressbookXML2 does not.

I am a bit lost :?

Cheers
