Hi,

if a folder contains a symbolic link it doesn't get deleted; solution is to patch this

```
bool DeleteFolderDeep(const char *dir)
{
 {
  FindFile ff(AppendFileName(dir, "*.*"));
  while(ff) {
   String name = ff.GetName();
   String p = AppendFileName(dir, name);
   if(ff.IsFile())
    FileDelete(p);
   else
   if(ff.IsFolder())
    DeleteFolderDeep(p);
   ff.Next();
  }
 }
 return DirectoryDelete(dir);
}
```

to this

```
bool DeleteFolderDeep(const char *dir)
{
 {
  FindFile ff(AppendFileName(dir, "*.*"));
  while(ff) {
   String name = ff.GetName();
   String p = AppendFileName(dir, name);
   if(ff.IsFile() || ff.IsSymLink())
    FileDelete(p);
   else
   if(ff.IsFolder())
    DeleteFolderDeep(p);
   ff.Next();
  }
 }
 return DirectoryDelete(dir);
}
```

In order to have symlinks deleted too.

Ciao

Max
