Hi,
In the following capture, in accordance with the syntax used, all the text must be underlined.

The bug refers to the last charachter of each line.

a test case is in the next post.

```
class XySyntax : public EditorSyntax
{
public:

    virtual void Highlight(const wchar *s, con
    {
        HlStyle h;
        h.color = Blue();
        h.underline = true;
        h.bold = true;

        if(s < end)
        {
            hls.Put(end - s + 1, h);
        }
    }
};
