Hi cbpporter

Yes it was slow and it took a lot of disc space.

upp-mingw-11111  
Size 1.34 GB (1,441,662,328 bytes)  
Size on disk 5.71 GB (6,139,150,336 bytes)  
Contains 38,699 Files, 1,983 Folders

That flash drive like most sold now have the exFAT format so it can be used on a Mac also.  
I will do some checking and may just reformat it to FAT32

3.4 GB but takes 5.71 disk space ????
