Subject: Re: Syntax highlighting - Settings being over written with defaults
Posted by mirek on Sun, 25 Jun 2017 19:39:32 GMT

Have to say, I have tried to invent my own scheme first, but it was taking too much time :) So I said what the hell, lets start with that guy's colors and just fix the most apparent things.

If you have any improvements, just post updated colors here, I might consider updating the default.
