luzr wrote on Wed, 23 August 2006 05:11 Hopefully fixed - the problem was that at the Deactivate, focus was already moved to DropList's PopUp. I have added GotFocus/ChildGotFocus to TopWindow to store focused Ctrl into activefocus.

I ask for patience with uvs2 sync however. I am in the middle of wince port, code base is in sad state right now

Mirek

Thanks Mirek!
