The trouble here is that no window is opened at the "GoBegin" time.

This again works:

```
#include <CtrlLib/CtrlLib.h>

GUI_APP_MAIN
{
    ArrayCtrl a;
    a.AddColumn("1");
    a.AddColumn("2").Ctrls<EditDate>();

    for(int i = 0; i < 300; i++)
        a.Add(i, GetSysDate() + i);

    TopWindow win;
    win.Sizeable();
    win.Add(a.SizePos());
    win.Open();
    a.GoBegin();
    win.Run();
}
```

Anyway, I will try to fix it to work even in the "unopened" mode.

Mirek
