...patch3 is here,
A patch3-only for ver patch 12.apr.2018 - 2
check previous post for more info.

Rename snippets/cpp/windows/ab_ui-create-exp.esc -> ab_ui-create.esc, then
just rewrite files with this.

Fixes clicking note(when no other is open) - wXpOnly patch(calling UpdateWindow in plugin
produced an error...)
Plugins: adds gfSetModify,gfClearModify(for tab*)
