Here is a patch for this which at least partly, solve the probem

A new function in ArrayCtrl

```
void ArrayCtrl::ResetSorting()
{
    for(int i = 0; i < header.GetCount(); i++)
        header.Tab(i).SetRightImage(Image());
    allsorting = false;
    sortcolumn = -1;
    sortcolumnndescending = false;
}
```
