All you need to do is run TheIDE with specific flag, then edit single text file.

See [http://upp.sourceforge.net/srcdoc\\$Core\\$i18n\\$en-us.html](http://upp.sourceforge.net/srcdoc$Core$i18n$en-us.html)

Use UTF-8 for chinese.

Anyway, there is no hurry. But chinese would be nice to have, if only as proof of concept....
