Hello Mirek,

I will not create any sneaky fix into the release ;) I have one consideration about dark theme. I think the keyword color in code editor (dark variant) is too similar to regular text. Please look at this screenshot.

I think it should be orange or something more verbose. Tom and cbpporter please help us select the best color for keywords...

Mirek, you could also think about chaining the license year from 2014 to 2019:

Copyright (c) 1998, 2014, The U++ Project

to

Copyright (c) 1998, 2019, The U++ Project

Sincerely,
Klugier
