Subject: Re: log-file is empty Posted by slashupp on Mon, 22 Jul 2019 05:58:24 GMT View Forum Message <> Reply to Message

Quote:Then it means no leaks were logged. How have you came to conclusion that you have leaks?

it is a random occurrence - that's why it is hard to locate, the same actions does not produce it consistently (one of those..)

I just want to be sure that the log works for when it happens again if it doesn't I will report back here..

thx for your help
