```
enum {  
    UPP_HEAP_ALIGNMENT = 16,  
    UPP_HEAP_MINBLOCK = 32,  
};
```

Thanks!

I guess, UPP\_HEAP\_MINBLOCK should be defined separately for Release and Debug. I initially assumed that it is 32 bytes. I'm glad that I checked that this isn't true ...

It looks like it is  $32 * N - 4$  in Debug.
