Subject: Re: Disable Assits++ scan on certain files
Posted by Didier on Fri, 06 Sep 2019 19:39:55 GMT

Well I checked latest SVN version :

 * Without //$- //$+ : scanner still gets stuck in boost headers
 * With   //$- //$+ : everything is OK

So for me it's all good since I don't need to scan the boost headers.

Thank's for makng the changes to ide
