Can you test this for me:

```
#include <CtrlLib/CtrlLib.h>

using namespace Upp;

GUI_APP_MAIN
{
    String path = "C:/Users/cxl/Desktop/Files.Ink";

    DDUMP(path);
    DDUMP(FileExists(path));
    String t = GetSymLinkPath(path);
    DDUMP(t);
    DDUMP(DirectoryExists(t));
}
```

I'll test it tomorrow. I'm now far from my Windows computer.

Victor
