Can you test this for me:

```
#include <CtrlLib/CtrlLib.h>
```

```
using namespace Upp;
```

```
GUI_APP_MAIN
```

```
{  
    String path = "C:/Users/cxl/Desktop/Files.Ink";  
  
    DDUMP(path);  
    DDUMP(FileExists(path));  
    String t = GetSymLinkPath(path);  
    DDUMP(t);  
    DDUMP(DirectoryExists(t));  
}
```

I'll test it tomorrow. I'm now far from my Windows computer.

Victor
