Undefined symbols for architecture x86_64:

"Upp::CocoBeep()", referenced from:

Upp::BeepInformation() in Core\$blitz.o

Upp::BeepExclamation() in Core\$blitz.o

Upp::BeepError() in Core\$blitz.o

Upp::BeepQuestion() in Core\$blitz.o

ld: symbol(s) not found for architecture x86_64

Tested against reference/Value

Thanks, should be now fixed.
