Tom1 wrote on Wed, 25 March 2020 13:34What is really interesting is that MSBT17 and MSBT17x64 both work correctly!

It is just this brand new MSBT19 and MSBT19x64 that fails...

(I need to emphasize that I just installed a fresh MSBT19 a couple of days ago on this computer. Could all this be linked with the MSC compiler issue you discovered recently on MSBT19?)

Best regards,

Tom

Quite likely :(Does it do that warning?
