Subject: Linux U++ libraries
Posted by koldo on Thu, 26 Mar 2020 14:53:27 GMT

Sorry for the question.

My Linux crashed and I have had to reinstall it.
Lots of problems installing U++ in Ubuntu because of folder and file permissions and untrusted application...
Finally all is running, but I have had to create the GCC.bm by hand, and I need these folders:

It is clear I am not an expert :). How to get these folders?
