Subject: Re: [BUG] TheIDE prevents using MSC Incremental link
Posted by aftershock on Tue, 31 Mar 2020 13:14:17 GMT

The bug still exists.
the solution would be I think to change the timestamp of the sourcefile instead of object files and executable if
the timestamp of the source file is after the start time

I lost a lot of time because incremental linking did not work.
a REAALY a lot of time.
