Didier wrote on Wed, 15 April 2020 21:20Hello Mirek,

Well it would be nice to have:

```
Class Color {  
    operator RGBA() const  
    operator CMYK() const  
}
```

```
class RGBA {  
    operator Color() const  
    operator CMYK() const  
}
```

```
class CMYK {  
    operator Color() const  
    operator RGBA() const  
}
```

There is no CMYK class. Conversions operators RGBA<->Color already exist.
