Subject: Re: [Proposal] Blur algorithm (fast box blur with gaussian approximation)
Posted by mirek on Sun, 19 Apr 2020 15:09:23 GMT

In the end, I have renamed to GaussianBlur and done some code simplification. Also added "co" parameter for parallel processing, although it does not show much perforamnce gains (less than 70% speedup on 2700x).

Using upptst/Blur for testing this...
