nicomesas wrote on Mon, 18 September 2006 07:46Hi!

I download it, re-compile theIde and works fine... except
This file TCtrlLib/appdoc.tpp/DlgCalc$cs-cz.tpp in package breaks the system. See
http://www.arilect.com/upp/forum/index.php?t=msg&th=1397 &start=0&.

Have you recompiled it with "-fexceptions" as suggested and explained in that thread?
