[quote title=Oblivion wrote on Tue, 18 August 2020 20:31]Hello Mirek,

Can we set the definitions in config.h to:

```
#ifdef flagWIN10
#define _WIN32_WINNT _WIN32_WINNT_WIN10
#undef NTDDI_VERSION
#define NTDDI_VERSION NTDDI_WIN10_19H1
#else
#define _WIN32_WINNT _WIN32_WINNT_WINXP
#endif
```

Can it be

```
#ifdef flagWIN10
#define _WIN32_WINNT _WIN32_WINNT_WIN10
#undef NTDDI_VERSION
#define NTDDI_VERSION NTDDI_WIN10_19H1
#else
#define _WIN32_WINNT 0x0501
#endif
```

? (more conservative w.r.t. _WIN32_WINNT_WIN10 availability)

Mirek
