Found these lines in LabelBase.h

```
LabelBase& AlignTop()                { return SetAlign(ALIGN_TOP); }  
LabelBase& AlignVCenter()            { return SetAlign(ALIGN_CENTER); }  
LabelBase& AlignBottom()             { return SetAlign(ALIGN_BOTTOM); }
```

It doesn't work as intended. 'SetAlign' should be replaced by 'SetVAlign'.

Thank you!
