jimlef wrote on Tue, 27 October 2020 15:49I did hand-edit the file, to correct a tab order error and to give the option control focus as a tab stop.

Undestood. The problem there is that at the time theide did not knew about WantFocus, so did not place it in correct place, instead placing it at the start of the list as the best bet.

I have now edited .usc file which controls it and added WantFocus correctly.
