A hint: try to use a "code" tag to make code look better inside of a message.

An example:

```
Snh(){  
    CtrlLayout(*this, "Acesso inicial");  
    ok.SetImage(ClassImg::btEdita);  
    sai.SetImage(ClassImg::btSai);  
    ok <<= THISBACK( fx );  
    sai << [=] {Exit(); };  
}
```
