Hello Didier,

Quote: Seems to be a good idea to me.  
Even a better one if it's already developed

It is already developed, yes. :) To be honest, it is a simple string map manager, nothing more.  
Easy to maintain.

Of course, the setup dialog may need a bit polishing.

If Mirek greenlight's this, I will send in the patches for review and modification.

Best regards,  
Oblivion
