Maybe I'm totally late (almost 1 month from last post) but from my computer, it work fine.
I can Install/Uninstall package. I changed the directory of UppHub, worked fine too. The README
button not working yet.

@Mirek, do you have design idea for the UppHub Window ?
have you planned to add a button to Open UppHub when being in the assembly window ?
have you planned to add a button to Open UppHub when being on TheIDE ?

Don't joke on it, I have done it in 3 min :lol:
