Well, it should be in UppHub Skylark. But that is definitely not related to this fix... I believe this problem is there for more than a week.

Mirek

U++ is still broken.

./umk examples AddressBookWeb CLANG -bus

In file included from /home/buildbot/worker/l-upp/build/examples/AddressBookWeb/Pages.icpp:1:

/home/buildbot/worker/l-upp/build/examples/AddressBookWeb/AddressBook.h:4:10: fatal error:

'Skylark/Skylark.h' file not found
