djesus wrote on Sat, 23 September 2006 11:20Quote:In addition, another thing that seems I have works rare is layout to designer. The horizontal Scroll bar seems that it is not synchronized well with the wide one of the object that we are designing.

I get the same error. I can't work beacuse I can't see where is the objects. In U++ 605 works fine.

Thanks a lot

Both should be fixed now.

Mirek
