Hello Tom,

Could you add support for Visual Studio Professional? The only difference is the path (professional):

VSP_2022, "/microsoft visual studio/2022/professional/vc/tools/msvc",

It should be placed after VS_2022:

VS_2019, "MSC19", VSP_2019, "MSC19", BT_2019, "MSC19",

VS_2022, "MSC22", VSP_2022, "MSC22", BT_2022, "MSC22",

Klugier
