umk uppsrc ide CLANG -bu
Linking...
lld: error: unable to find library -lImm32

It should imm32, not Imm32. Linux is case-sensitive ...

Well, it is listed in initcaps in reference documentation:

<https://docs.microsoft.com/en-us/windows/win32/api/imm/nf-imm-immgetcontext>

however, I think it will not hurt to lower the case...
