Subject: Re: Exit app from menu on control in Tab
Posted by slashupp on Mon, 07 Mar 2022 17:17:50 GMT

 Hi Oblivion

Doing 'PostCallback([&] { Break(); })' does not work.
but when I replace the call to Break(); with a call to the Exit(); from deep's answer it works!
'PostCallback([&] { Exit(); })' - works! :)

Thank you
