IMHO, it would be cool to have an Upp package for it.
Installing Upp via "winget install Upp" seems to be the easiest way to get it.
And "winget search upp" seems to be the easiest way to find it.

Go for it :)
I'm not a Windows person.)
First of all I need to figure out how to legally get/build a QEMU Windows 11 VM which I need for testing.
Your suggestions are welcome!
