Subject: Re: Is there a way to get all character supported in a font with Font?
Posted by Mountacir on Tue, 19 Apr 2022 23:04:59 GMT

Hi,

I found a solution in Ultimatepp's github (uppbox), and i made a simple Char Map with it (Package attached). (I hade to upgrade from 16098 to latest)
Fonts like ms serif (raster typeface) don't work.
