Hello,

I would like to ask you if you will be interested to participate in online U++ meetup. I think it would be great occasion to meet each other and talk about U++.

I have got two questions (one of them is dedicated to Mirek):
- do you know free tool that will allow us to meet in wider group like Zoom (Google Hangouts never used it as a host, but saw that some meetups was handle on it)
- Mirek are you interested in participation? Without you it doesn't make much sense.

In Covid times, most of the people are used to online meetings with wider audience. So, I think it is a good occasion to do it.
