Klugier wrote on Mon, 15 August 2022 18:44- CTRL+SPACE should indicate that there are no symbols after scan (please back to my previous message). The same situation it can be displayed in tooltip window. This is exactly what I have presented in my previous message.
Klugier

Well, there are always some symbols to display after CTRL+SPACE (unless you are in the completely empty file)...

Better indication of autocomplete in progress is coming..
