Hi,

I am enclosing my package.

I have subclassed the Label package.

It compiles and run properly with IDE 16270.

Gives Error with IDE 16523

LabelCheck/LabelBg.cpp:56:2: error: use of undeclared identifier 'PaintLabel'
PaintLabel(w, 0, 0, sz.cx, sz.cy, !IsShowEnabled(), false, false, VisibleAccessKeys());
