forlano wrote on Fri, 21 January 2022 20:29Thank you for the feedback.
Maybe something went wrong with the Xcode cli installation and I messed up the system. Now I cannot longer compile under Catalina.

Luigi

Hi, Luigi!

Why is this still not [SOLVED]? :)  For me it was a simple - to clean the whole upp and to build everything again. I think I had the same errors.
Btw, have read this? :)   https://www.ultimatepp.org/forums/index.php?t=msg&th=119 76&goto=59264&#msg_59264
