Yes.

```
GUI_APP_MAIN
```

```
{  
    TopWindow win;  
    Label lbl;  
    win << lbl.SizePos();  
    TimeCallback cb;  
    cb.Set(-20, [&] { lbl = AsString(GetMousePos()); });  
    win.Execute();  
}
```
