After your last commit everything works as expected. I also tested other themes for regression, but they behave as expected. Thank you! Now, TheIDE help stabilization is waiting :)

Klugier

I have commited the fix yesterday, perhaps you missed it, or is is still in need of "stabilisation"?

Hello Mirek,

Everything works fine. I wrote my message after using your last commit from yesterday. We can assume for now that GTK menubar styling works as expected.
