Tom1 wrote on Mon, 11 September 2023 15:33Hi Mirek!

Looks good. :)

Can you change the 'Main configuration' drop list to not grab keyboard focus. After changing the Main configuration, trying to start compiling with F7 will not work until I click the code editor area. This issue was introduced in 2023.1, I think, but I discovered it only after release...

Best regards,

Tom

Hopefully fixed, thanks.
