forlano wrote on Sat, 28 October 2006 19:11Hello,

I would like to add some documentation to my application by using Topic. I would like to know if the .tpp files are compiled and added to the executable or I can keep them a part in some directory (my doc is 1 mega byte because of many pictures).

Luigi

PS: only now I've recognized to have missed the correct forum for this question, , sorry...
