Subject: Re: Painter improvements
Posted by Tom1 on Thu, 28 Dec 2023 11:43:48 GMT

Hi Mirek,

Thanks! Now it performs equally with the old version.

I can create more detailed maps (as Paintings) if you need them for optimization of Painter.

Best regards,

Tom

EDIT: Well, at least almost as good. The new is at 35 ms on the average and the old 17045 runs in 30 ms.
